

# Terry Nash The Tribute Shows

## Meet Loaf

This show combines Terry's impressive vocal range, power and versatility, with his haunting resemblance to the original hit maker "Out of Hell". After many years of singing music from pop to rock, from ballads to show-stoppers and light opera, in 1994 he realised that combining voice and appearance was becoming irresistible as audiences demanded songs by Meat Loaf.

In preparation for his application and subsequent appearance on Granada TV; at Raffles Night-Club on a HOT SUMMER NIGHT in Bournemouth, **Meet Loaf** was born. Since then Terry has appeared at venues throughout the U.K., Europe and the Middle East (see listings and credits in biography). The show is available as a solo 1 hour or 2 x 45 minute impersonation that may be further enhanced by the addition of a female support vocalist. Terry currently employs a choice of three highly acclaimed and talented professional singers whom also provide support within his other line-ups (see Rokky Horror Tribute). Get ready for a power-packed journey through the hits of Meat Loaf, such as:

- \* BAT OUT OF HELL \* YOU TOOK THE WORDS \* ANYTHING FOR LOVE \*

## THE ROKKY HORROR TRIBUTE SHOW

After his acclaimed performance on ITV's *STARS IN THEIR EYES* in 1996, Terry toured the UK and Europe in tribute to Meat Loaf. As he did so, many audiences began to demand the inclusion of the character "EDDIE" played by Meat Loaf in *THE ROCKY HORROR SHOW* - HOT PATOOTIE BLESS MY SOUL!! It was irresistible.

A look and sound alike of Meat playing a part Meat actually played. The reaction, particularly amongst fans of "ROCKY", was infectious. The next step was to recruit a flexible cast of stunning vampettes and a sweet transvestite to play tributes to "MAGENTA" and "COLUMBIA" and "DR FRANK'N'FURTER".

In 1999 the ROKKY HORROR TRIBUTE SHOW was born. Since then Terry and his colleagues have been performing the best known material from The Rocky Horror Show, with Terry including the hits of Meat Loaf in role as both "Eddie" and show compere.
