

Show Biography

No matter how large or small your function, the Meet Loaf Tribute Show can be tailored to meet your particular requirements. We will work with you to customise your event.

100% Live Band or Playback - you choose. Our Support DJ, Dancers and female backing singers can be incorporated into your event if required.

This high energy show combines Terry's impressive vocal range, power, and versatility with his haunting resemblance to the original hit maker "Out of Hell". After many Years of singing music from pop to rock, from ballads to show-stoppers and light opera, in 1994 he realised that combining voice and appearance was becoming irresistible as audiences demanded songs by Meat Loaf.

In preparation for his application and subsequent appearance on Granada TV; at Raffles Night-Club on a HOT SUMMER NIGHT in Bournemouth, Meet Loaf was born. Since then Terry has appeared at major tribute circuit and corporate venues throughout the U.K., Europe and the Middle East.

What the press say:

"TERRY IS THE DEAD SPIT OF MEAT LOAF - GARY BUSHELL (THE SUN)

Show Biography

Your guests will be transported to a world of make-believe. In academic research undertaken at **The University of Winchester in 2005**, participants in a survey were asked a number of questions about Terry's Meat Loaf tribute show that they saw. One of these was:

During the performance, did you at anytime (even if it was a split second) feel as though you were watching Meat Loaf?

A total of 93.33%, confirmed that at some point they did believe that this was the case. Only 6.67% said "no", suggesting a highly effective 'simulation' of 'the real'. (Baudrillard, 1994:2)

A key participant in the research, who is the entertainment secretary of a large social club that regularly books tribute acts, went on to say:

Sometimes the live performance you put on is more true to the record than the live performance (Meat Loaf) is....the reason we come to see you is we hear your records.
(University Of Winchester, Nash, 2005)

They 'hear' Meat Loaf's 'records' in Terry Nash's Meet Loaf performance. A worthy testimonial indeed!!
